Washington, DC 20204

Dear Sir/Madam:

This is a notification pursuant to 21 U.S.C. 343(r)(6) that Standard Process Inc., Palmyra, Wisconsin 53156-0904, is making the following statements:

- (1) Unsaturated fatty acids like linoleic acid have been shown to possess skin supportive properties.\*
- (2) Cataplex F (Tablets) also contain iodine that is essential to the function of vitamin F and unsaturated fatty acids.\*
- (3) Cataplex F (Perles) provide a healthy alternative for the iodine-sensitive patient.\*

These statements are made for a dietary supplement containing a proprietary blend of calcium lactate, defatted wheat (germ), carrot (root), bovine prostate, bovine liver, magnesium citrate, oat flour, bovine orchic extract, bovine liver fat extract, flaxseed oil extract, potassium para-aminobenzoate, mixed tocopherols, ascorbic acid, and soy bean lecithin. Other ingredients include honey, glycerine, arabic gum, calcium stearate, prolamine iodine (zein), and pyridoxal 5-phosphate. The name of the product is Cataplex® F (Tablets).

The information contained herein is accurate and Standard Process Inc. has substantiation that the statements are truthful and not misleading.

Sincerely yours,

Ann Holden  
Standard Process Inc.
